=====

**Note:** This is a slower way to travel because of the traffic and numerous wrecks.

- In Dallas, go north on **US-75** (North Central Expressway). **SH-121** merges with **SH-75** south of McKinney, Texas.
- North of McKinney, **SH-121** exits to the right. Take the right turn and continue on **SH-121**. (Be careful here because it is easy to go off on a road that is not **SH-121**).
- Stay on **SH-121** north all the way to Bonham, Texas. Stay within the speed limit on this section of **SH-121**. There are numerous law enforcement patrols and a “speed trap” at Trenton, Texas.
- In Bonham, **SH-121** merges with **SH-56** for a short distance. Take the yield to the right and go under the railroad tracks. After the two roads turn east, they split ( **SH-121** turns north).
- Stay on **SH-121** until it intersects with **US-82**.
- Turn right on **US-82** and stay on it until Clarksville which is east of Paris, Texas.
- On the western edge of Clarksville, there is a traffic light at the **Captain Henry Stout Bypass loop**. Turn left (north) on the bypass loop.
- Stay on the bypass loop until it joins **SH-37**.

- Exit to the right and at the stop sign, turn left and go under the loop (you will be going north).
- Stay on **SH-37** north for approximately 19 miles and look for **FM-1159** (If you cross the Red River, you have gone too far).
- Turn right on **FM-1159**.
- The Chapman Family Ranch entrance is approximately 1.2 miles from **SH-37**. Look for our blue sign (left side) and our mailbox with a CF on it.
- Turn left through the cattle guard and continue on the rough dirt road to the house. You can see our head quarters from **FM-1159**.
